

Kids 'N' Stuff children's museum

FIELD TRIPS & GROUP VISITS

Self-Guided Field Trips

Groups can explore the Museum at their own pace with our 90-minute Self-Guided Field Trips. Discounted admission rates apply for schools, childcare centers, and nonprofit groups of 15 or more.

Field trips and group visits must be reserved in advance.

Kids 'N' Stuff Children's Museum field trips and group visits provide the opportunity for children to play in the museum's exhibits and enjoy activities based on their age, interests and developmental abilities. The Museum serves as a destination for educators and groups looking for experiential learning and early learning standards.

GROUP ADMISSION:

(Minimum of 15 students)

\$4.50 per child

\$6.00 per child on Mon/Tues

FREE 1 teacher/chaperone per 5 kids

\$7 additional chaperones

Add a field trip experience:

\$2.00 per student

per experience

(see reverse side)

EXPLORE OUR Field Trip Experiences

ALL ADD-ON FIELD TRIP EXPERIENCES
MEET NEXT GENERATION SCIENCE
STANDARDS, AND LAST 30-45 MINUTES

Engineering Challenge

Do you have what it takes to build an earthquake-proof structure? Find out, as you and your students discover the power of the earth. Learn how humans construct buildings to withstand earthquakes - then, it's your turn! Students will design, test, and iterate their own earthquake-proof structures using our DIY earthquake simulator!

The Power of Air

Your students may think you're full of hot air - now is the chance to prove them right! In this experience, students will learn about the power of air - exploring the way air moves, and how it can be used to move objects. By the end of the experience, students will design, construct, and test their own air-powered vehicle - then let it loose in a high-speed race!

Intro to Prop Making

Dorothy's red slippers. Luke's lightsaber. Excalibur! Movies and TV wouldn't be what they are without props - but how are those props made? In this experience, you and your students will explore molding, casting, and painting to create your own stage and screen-ready props, just like a Hollywood pro! This...is...Intro to Prop Making!
